Introduction

The principal of The Armidale Waldorf School maintains a register, in a form approved by the Minister, of the enrolments and daily attendances of all children at the school, which includes information for each student as required by section B7 Enrolment and attendance of the NESA NSW Registered and Accredited Individual Non-government Schools Manual.

Student absence and variation to attendance will be recorded using the Minister's codes.

The Armidale Waldorf School will monitor student attendance data and implement intervention strategies to improve unsatisfactory attendance of students.

Where the parents of a student of compulsory school age seeks an exemption from attendance at school or an exemption from enrolment, the principal will process the parent's application in accordance with the guidelines from NSW Department of Education.

The principal may exercise the Minister's delegation under Section 25 of the Education Act in relation to granting and cancelling a certificate of exemption from being enrolled and attending school in certain prescribed circumstances.

Attendance Register Coding Requirements

The School maintains attendance records using the NSW Minister's approved attendance register codes.

At the time attendance is marked, a student who is not present will initially be recorded as "a" (absent at roll marking). The School will seek an explanation for the absence from the parent/carer.

The reason for the absence, the name of the parent/carer providing the explanation, the method of communication and the date the explanation was received will be recorded in the School Management System.

Once an explanation is received and assessed, the absence will be updated to the appropriate Minister-approved attendance code (for example, S – Sick, L – Leave, M – Exemption).

Where no explanation is received within seven (7) days, or the explanation is not accepted by the Principal, the absence will be recorded as "A" (unexplained or unjustified absence).

Procedures

Register of Enrolments

The Principal delegates to the Administration Staff the responsibility of maintaining the register of enrolments, the electronic register, and the School Management System, updating the following information;

- Name, Age and Home Address of Students
- Name and contact telephone number of Parents/carers
- Date of Enrolment and where appropriate the date of leaving the school and the student's destination
- For students older than 6 years; previous school or pre-enrolment information

This information is accessed in the School Management System through a customised data export based on the criteria outlined above.

If the student is withdrawn, the destination of the student is unknown and the student is below 17 years of age, the administration staff will alert the Principal or their delegate. The Principal or their delegate will attempt to contact parents/carers or students, via phone, email or send a letter. If all of this fails the Principal will notify the Department of Education Attendance Officer at attendance@det.nsw.edu.au, providing the students full name, date of birth, last known address, last day of attendance, parents/carers' names and contact details and indication of possible destination, other information that may assist officers to locate the student and any known work, health and safety risks associated with contacting the parents or student .

Register of Attendance

The Principal delegates to the Administration Staff the responsibility of maintaining the register of attendance. This will be in the School Management System, an electronic register.

The following procedures will be carried out to determine absences and attendance each day.

1. Attendance is marked at the commencement of the school day for all students. Attendance information is collected and entered into the School Management System as soon as practicable following roll marking. Administration staff collect absence information from each Primary School class and deliver it to the school office. These records are then entered into the School Management System by the administration team. High School teachers mark attendance directly in The School Management System where possible. If by 9:30am the High School attendance has not been marked electronically an administration staff member will go and collect absence information to enter manually into the School Management System.
2. Initial Absence Recording and Follow Up: When a student is absent at the time attendance is marked, the absence will initially be recorded in the School Management System as "a" (absent at roll marking). Administration staff will contact the parent/carer on the day of the absence by telephone, SMS, email or another approved communication method to seek an explanation. The reason provided by the parent/carer will be recorded in the attendance notes section of the School Management System, including:
 - a. Date of absence
 - b. Explanation provided
 - c. Name of the person providing the explanation
 - d. Method of communication
 - e. Name of the staff member recording the information

Once the explanation has been reviewed, the attendance record will be amended to the appropriate Minister-approved attendance code.

If no explanation is received within seven (7) days of the absence, or if the Principal determines the explanation is not acceptable, the absence will be recorded as "A" (unexplained or unjustified absence).

3. For part day absences where a student is picked up during the day or if a student is late to school, parents/carers of primary aged students or students themselves if attending high school must sign the student in and out of the Student Sign In/Out Book in Reception. A student is considered late after 9.00am for primary students and 8.45am for high school. This information will then be transferred by the Administration Staff to the electronic attendance register in the School Management System.
4. Recording Attendance Codes: Student absences from classes are recorded in a consistent manner using the Minister's approved attendance register codes. Students who are absent when the roll is marked are initially recorded as "a" (absent at roll marking). All attendance records must include supporting comments outlining the reason for absence, details of communication with parents/carers, and any supporting documentation received. Once an explanation has been received and assessed, the attendance record is updated to the relevant Minister-approved attendance code.

Copies of supporting documentation, including emails, medical certificates, leave applications and exemption certificates, are retained. Reasons for absence comments must include a summary of the reason provided by the parent/carer and the date the explanation was received.

5. From the third consecutive day of absence onwards, Administration staff will contact parents or carers by text message, email, or phone to request a medical certificate, unless the student is already on an attendance plan (such as extended leave, exemption from attending, or an attendance improvement plan) established by the Principal or their delegates, and the student's absence has prior approval.
6. For non-sick leave equal to or greater than 4 consecutive school days that is known about in advance, an Application for Leave Form (Attachment 2) must be completed and given to the Principal for approval.
7. The Administration Staff generates a monthly attendance report and distributes to the Principal and their delegates. Administration staff will also alert the Principal or their delegate where there are concerns of poor attendance at school by a student. This is defined as 25% absence (unapproved leave) from school in a month or consecutive absent days with no communication with parents/carers, or patterns of absence including habitual late arrivals and departures. The principal or delegate will review the student's attendance and determine the appropriate strategies for improving poor attendance including but not limited to:
 - a. will phone the parents/carers of the student to discuss poor attendance.
 - b. will interview the student.
 - c. arrange a meeting with the parents/carers and the student and the school's Wellbeing Facilitator.
 - d. If attendance doesn't improve after several discussions with student/parents/carers, then a meeting will be arranged to develop an Attendance Improvement Plan (Attachment 8), in consultation with appropriate external mental health professionals if the issue is related to a known or emerging mental health concern. This plan will be monitored by the Principal, or their delegate.
 - e. Request a conference with a trained consultant from ISNSW, the parent/carers and the student.
 - f. If this does not improve the situation, then Department of Family and Community Services are to be contacted.

All of the above procedures and actions will be recorded in a document and uploaded to the document section of the School Management System in the student's file by the Principal or delegate.

8. Term 1 for Kindergarten children is seen as a transition time into school. Students are able to have a regular at home transition day (L) if they discuss this with the teacher and agree and sign an attendance plan. A note from the Principal or their delegates is required to alert the administration staff. These days should be set days and adhered to.

9. Where a student is absent for 30 consecutive days, the Principal should access the Department of Communities and Justice (DCJ) website [DCJ](#) to determine whether a report is required and if required must follow through with the reporting using the Mandatory Reporters Guide - [MRG](#) and filing this report on the students file in the secure M:Management drive.

Extended Leave and Exemption from Attendance

Extended Leave

Extended Leave applies when a parent/carers requests that a student be absent from school for a period of time, including:

- Family travel within Australia or overseas
- Family commitments
- Bereavement
- Religious or cultural observances
- Other circumstances considered appropriate by the Principal

Extended Leave requires:

- Submission of an Application for Extended Leave
- Approval by the Principal
- Recording using attendance code "L"

Extended Leave remains an absence from school for attendance reporting purposes.

Exemption from Attendance

Exemption from Attendance may only be granted in circumstances permitted under Section 25 of the Education Act 1990 and the NSW Exemptions from Attendance and Enrolment Guidelines.

Examples include:

- Exceptional circumstances
- Employment in the entertainment industry
- Elite sporting or elite arts participation
- Health-related circumstances where attendance is not appropriate
- Public health directions

Exemptions:

- Require a formal Application for Exemption
- Require the issue of a Certificate of Exemption
- Are recorded using attendance code "M"
- Must not be used for family holidays or travel

Family holidays, vacations and travel during school terms must be managed through the Extended Leave process and not through an Exemption from Attendance.

Application for Extended Leave Procedure

1. Parents/carers are required to fill in an Application for Extended Leave (See Attachment 2) form located in reception if they wish to apply for extended leave at least 4 weeks prior to the leave being taken. The Principal or their delegate will consider all applications in regard to the student's best educational interests and the

Department of Education guidelines. Once the application is received the Principal or delegate will consider each application on its individual merits and determine whether the leave is in the student's best interest.

2. Approved Extended Leave will be recorded using attendance code 'L' in the attendance register
3. Where leave is not approved and the student is absent from school, the absence may be recorded as 'A' (unexplained or unjustified) where no acceptable explanation has been provided
4. The Principal or their delegate will then notify the parents in writing if the application has been approved or not approved.
5. The Administration Staff will issue the parents/carer with a Certificate of Extended leave (Attachment 3) and the parent must retain this at all times whilst on leave. Teachers may provide appropriate schoolwork to be completed whilst student is on leave.
6. A copy of the certificate, and the application is uploaded in the student documents section and noted in the comment section that there has been a certificate issued and is filed in the student's digital file in The School Management System
7. If the application is for over 100 days in a 12-month period the request will be sent to the Division Head Education Regulations and Programmes and Programme Implementation from the IS for approval from the minister.

Application for Exemption from Attendance/Enrolment

Approved Exemptions from Attendance will be recorded using attendance code "M" and must be supported by a valid Certificate of Exemption.

Exemptions from Attendance must not be granted for family holidays, vacations or recreational travel during school terms. Such absences must be managed through the Extended Leave process.

Applications for Exemption from Attendance or Enrolment will be processed in accordance with Section 25 of the Education Act 1990 and the NSW Exemptions from Attendance and Enrolment Guidelines.

See IS Guidelines – Exemption from Attendance and Enrolment (SharePoint/Documents/Policies). (Attachments 4, 5, 6 and 7).

Attachment 1

Attendance Register Codes – Explanation of student absence

The following attendance register codes are to be used to record the explanation of student absence and are counted for statistical purposes.

Symbols to be used for explanation of student absence		
Symbol	Meaning	Notes
a	Student absent at the time attendance is marked	Temporary roll-marking code used until an explanation is received and the absence is resolved using the appropriate Minister approved attendance code. The reason for absence and parent/carers communication must be recorded in attendance.
A	The student's absence is unexplained or unjustified. This symbol must be used if no explanation has been provided by parents within seven days of the occurrence of an absence or the explanation is not accepted by the principal It is at the principal's discretion to accept or not accept the explanation provided.	To be also used if the principal does not accept that an absence (e.g. for extended leave/travel during school term) is in the student's best interests and that the reason is unjustified.
S	The student's absence is due to sickness or as the result of a medical or paramedical appointment. In these cases: - a medical certificate is provided or - the absence was due to sickness, and the principal accepts this explanation. Principals may request a medical certificate in addition to explanations if the explanation is doubted, or the student has a history of unsatisfactory attendance.	
L	An explanation of the absence is provided which has been accepted by the principal. This may be due to: - misadventure or unforeseen event - participation in special events not related to the school - domestic necessity such as serious illness of an immediate family member - attendance at funerals - travel in Australia and overseas - recognised religious festivals or ceremonial occasions.	Note that this code is to be used if the reason for the absence (e.g. extended leave/travel) is accepted by the principal. The principal may consider an Application for Extended Leave/Travel from parents, and provide a Certificate for Extended Leave/Travel, if approved.
E	The student was suspended from school	

Attendance Register Codes – Variation in attendance

Only the following attendance register codes must be used to record a variation in attendance – they are not counted as an absence for statistical purposes. In addition to recording the reason for a variation in attendance, the duration of the variation must be recorded.

Symbols to be used for explanation of student absence		
Symbol	Meaning	Notes
M	The student was exempted from attending school and a Certificate of Exemption has been issued by a delegated officer.	
F	The student is participating in a flexible timetable and not present because they are not required to be at school. This could include participation in: - HSC Pathways Program - Best Start Assessments - Trial or HSC examinations - VET courses	The “F” code is no longer only for senior students participating in a flexible timetable. The code should also be used in independent schools for students attending external tutorial centres and other programs that are school authorised.
B	The student is absent from the school on official school business. This symbol is recorded where the principal approves the student leaving the school site to undertake, for example: - work experience - school sport (representative events) - school excursions - student exchange	The ‘B’ code is used for sport when the student has been selected to represent the school at an event. If the student is participating at an elite level (state or national squads), consideration may be given to an Exemption from Attendance (Elite Sports/Arts)
H	The student is enrolled in a school and is required or approved to be attending an alternative educational setting on a sessional or full-time basis. The symbol is recorded where a student accesses education settings separate to their mainstream school such as: - tutorial centre and programs - behaviour schools - juvenile justice - hospital schools - distance education	In most cases this code will only be used by government schools, with the exception of students from non-government schools attending hospital schools. The “F” code, not the “H” code is to be used by independent schools for students attending external tutorial centres and programs that are school authorised.

School Attendance Register Codes

The Minister for Education has approved changes to the use of the Attendance Register codes from 2015. The changes implement the ACARA National Standards for Student Attendance Data Reporting. ACARA developed the National Standards to establish nationally consistent parameters for the collection and reporting of student attendance data.

Holidays

As part of the implementation of the National Standards, holidays taken by students outside of school vacation periods will now be included as absences. A Certificate of Exemption can no longer be granted for this purpose.

Families are encouraged to holiday or travel during school vacations. If travel during school term is necessary, the following considerations apply:

- If the principal approves the Application for Extended Leave and accepts that the absence is justified, the absence will be recorded using attendance code 'L' (Leave)
- If the principal does not believe the absence is in the student's best interests and does not accept the reason, the absence is unjustified and will be recorded as "A"
- If the period of absence is in excess of 50 days, the student may be eligible to enrol in Distance Education. For that period the student's enrolment transfers to the distance education school.

Note: A student cannot be enrolled in more than one school concurrently (including Distance Education).

Leave

The revised use of the "L" code relating to holidays means the 15-day limit on its use has been removed. Schools can request the completion of an Application for Leave Form for holidays within the school term. The Armidale Waldorf School has application forms for Application for extended leave/ vacation forms and if the Principal approves the parents will be issued with a certificate of Extended leave/vacation.

Other codes

The recent changes to the Attendance Register Codes include the redefinition of some codes:

- The "F" code is no longer only for senior students participating in a flexible timetable. The code now includes students participating in programs and assessments such as: HSC Pathways Programs, Kindergarten entry assessments (e.g. Best Start), trial or HSC exams or VET courses.
- The "B" code includes student exchange and allows for some additional flexibility around its use.
- The "H" code is used when a student is enrolled in a school and is required or approved to attend an alternative educational setting on a sessional or full-time basis.

Accepting Explanations

- The “A” code is to be used if no explanation has been provided by parents within seven days of the occurrence of an absence or the explanation is not accepted by the Principal. It is at the principal’s discretion to accept or reject the explanation provided.
- If a student’s absence is due to sickness the “S” code is used. The principal may request a medical certificate in addition to an explanation if the explanation is doubted or the student has a history of unsatisfactory attendance.

Record Keeping

Attendance registers, absence explanations, attendance improvement plans, applications for extended leave, certificates of extended leave, applications for exemption and certificates of exemption will be retained in accordance with NESA record retention requirements and made available for inspection when required.

Attachment 2

Application for Extended Leave – Vacation/Travel

NOTE: PART A is to be **completed by the student's parent** and returned to their student's school principal.

PART A: STUDENT DETAILS

Please complete table below with details of all students associated with the period of travel:

Student Attendance Improvement Plan

Review date should be ideally fortnightly or at least monthly.

If attendance issues are regarding known mental health concern or emerging mental health concerns, please collect permission from the parent/guardian to consult with the student's mental health professional for guidance on attendance expectations and support strategies as part of the planning process.
